Subject: RE: House Ag Hearing - Request for Materials by Jan 7th

For most things related to PM, Gina has an excellent knowledge base already, so I don't think anything extra is needed unless they ask. Just curious...

Ok. I'm a bit surprised that PM isn't listed (wind blown dust, prescribed burning), but I suspect that's on the OAR list.

Hi all,

Just putting on people's radar that we'll have to address this pretty quickly in the new year. Jeff, I know you're already alerted to the ones in your side of the shop. Vince, we'll probably have to repackage the previous IRIS materials, to account for information given in the latest report to congress as well as the multiyear agenda (e.g., the addition of nitrate/nitrite to the iris agenda may be of interest to the ag committee).

-Lou

Subject: FW: House Ag Hearing - Request for Materials by Jan 7th

Hello everyone,

The Administrator is scheduled to testify before the House Agriculture Committee on January 26th. The hearing purpose is to discuss EPA programs and regulations impacting agriculture. OCIR requests materials to help the Administrator prepare – and I have included the list of topics for ORD. You will see the full list further down in the email (also attached). I have added Scientific Integrity as a topic.

The submission deadline to me is Thursday, Jan 7th. A sample format that includes key messages, background information and expected Q&A is also attached. Please let me know any topics that should be added. Attached is the House Ag committee list in case you want to check on specific member matters needing a fact sheet. The regional Ag Advisors are already working on gathering information about their members who serve on the committee, so regional folks should be aware of that and coordinate with their Ag Advisor.

Bob Fegley and I have reviewed the list of ORD topics and have the following suggestions:

ORD

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Internal Deadline: With the holidays approaching, please get me your materials/information by January 7th (Thursday). I will coordinate materials with the IOAA and will make sure they get to OCIR by Jan 12th.

Thanks,
